

HALO:RESOLUTION

What the?

Cortana, try and get a reading on our location

Scanning...

I'm not sure where we are chief, but we appear to be... pixelated

Well in that case we only have one option

Kick some butt old school style!

Sigh

01

Do you really have to carry that thing around everywhere?

Yes, it's for protection.

PROTECTION FROM WHAT?

WOULD YOU LIKE TO SWITCH TO VERIZON WIRELESS NOW?

BOOM

PSHHT

Protection from that.

It's a strange
strange world
we've found

02

HALO:RESOLUTION

See Anything?

Not yet.

Wait, what's that?

Where are you going!

Oooh

Ahhh

Oh, I can see you're admiring our M12 LRV 2557 LX Edition, but you don't want the floor model, let me pull up a new one.

03

Well, here you go, feel free to give it a test run. Just don't be too rough on it.

Closed Course

I'm a little nervous, I've never done this before.

Relax.

WOOHOO!
THIS IS
GREAT!

BRING IT
ON!

04

HALO:RESOLUTION

 Great vehicle, handles nicely. Bu...

Great! So will that be cash or charge.

Can I ask you something?

Sure!

Where are we?

We're conveniently located in New York City at the intersection of 7th and 4th.

That would explain that rat we hit.

05

I think we should take it, we're going to need a mode of transportation eventually.

We could just charge it to the UNSC expenses account.

Can we do that?

Sure! How will they know?

Ok, we'll take it

Wonderful!

Yea, just charge it to the UNSC account

They'll never know!

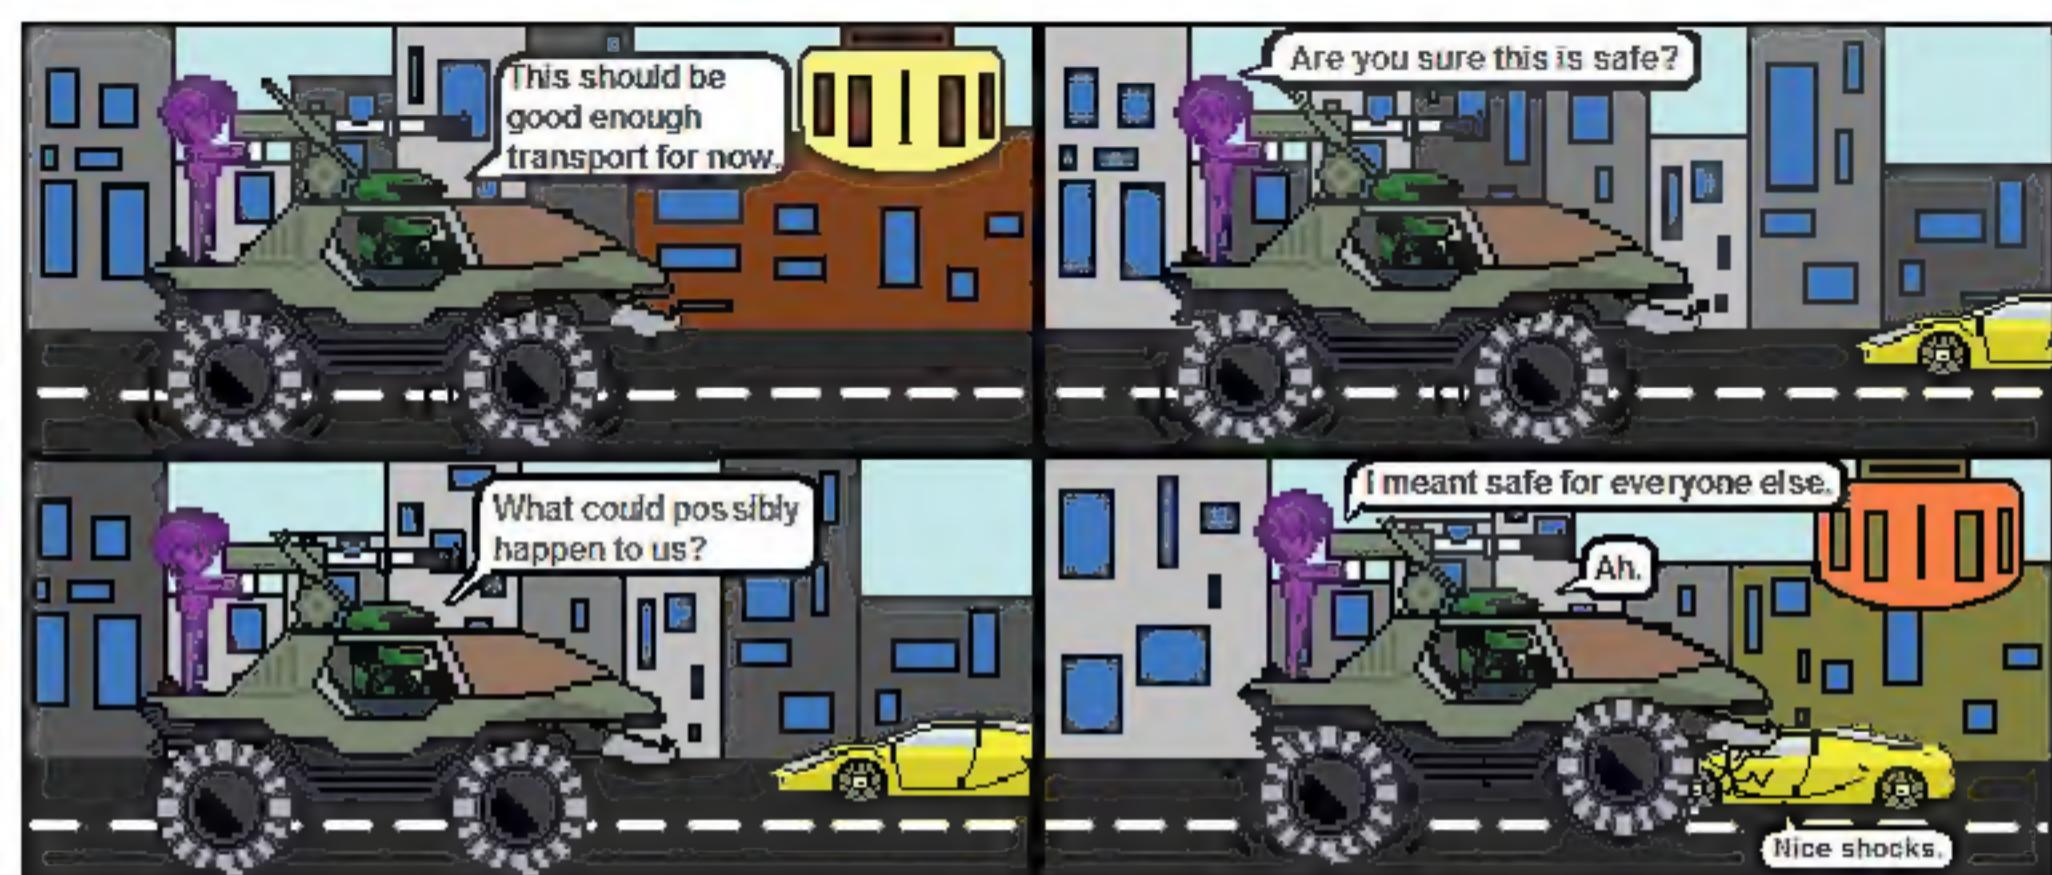

Sarge! Ten thousand dollars were just charged to the main account!

Load up the marines! Move it out!

06

HALO:RESOLUTION

07

08

HALO:RESOLUTION

Sorry about the mix up chief. I didn't recognize you in your blue pants.

What!? Cortana forgot to do the laundry!

09

Well chief, we better be on our way, but as a gift, have this free warthog air freshener!

That was close, now where did you park the warthog?

There it is.

Chief, what's that thing on the windshield?

Sigh

SMACK

10

HALO:RESOLUTION

There's no way we're ever going to figure out what's going on unless people know who we are!

We have to go somewhere important! We have to go somewhere where we can get known!

We have to go to...

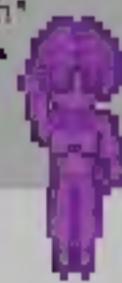

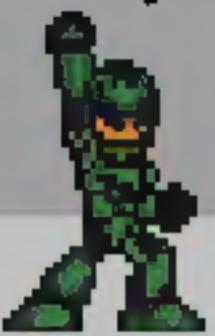

THE MICROSOFT PDC!

LET'S GO!

Come on! I heard last year some guy said developers 35 times!

Sigh

11

Hey chief, what's that up ahead?

I don't know, kind of looks like...

San Francisco...

12

HALO:RESOLUTION

13

14

HALO:RESOLUTION

Well that was disappointing,
we'll have to stay in this one

There's only one bed.
I guess we'll have to...

Wait a minute, is
that a...

Chief Keyes called, he
wants you to take care of a
small grunt outbreak in jail
sector 089.

Grea...

But you have to
take the noob.

Oh

So this grunt outbreak
thing its like...a disease?

29

So then what
is a grunt?

Not that.

FOR THE HORDE!

30

HALO:RESOLUTION

We have to be
watchful, ever vigilant...

Grunts are cunning creatures
capable of unknown travest...

Chief! You have to help.
They're everywhere!

Which brings about the
question...where are the
Elites?

35

Chief, we were able to enlist
some help for your highly
important mission.

Unfortunately we're only
allowed one vehicle per

36

So...where are the
little freaks?

Can't run with
thing on back!

Merry Christmas!

37

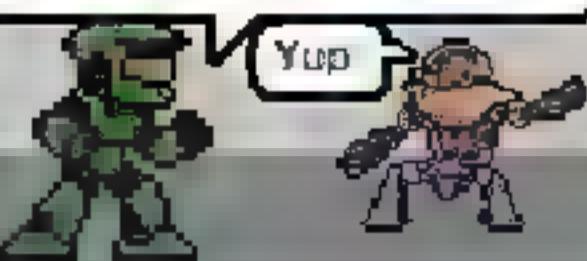

HALO:RESOLUTION

So let me get this straight.
You overthrew an army of
elites and took over our army
base to throw a christmas
party?

WHY?

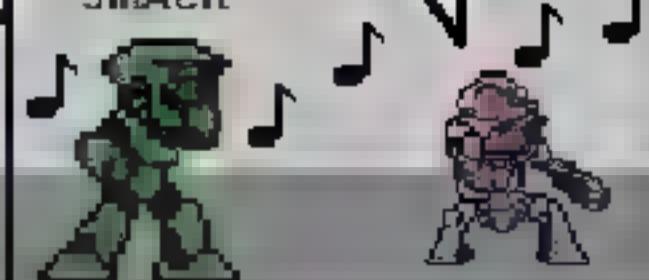

We Elites hate Britney
Spears and Yayap broke
our stereo.

HIT ME BABY ONE MORE TIME!

Hey guys! Turn it up!

SMACK

38

Here's your present
Captain Keyes!

A Razor scooter?! I've always
wanted one of these!

But be careful, do you know
how many people have die...

CRASH

OW, MY CHIN!

Sigh

39

Let's get the defenses
back up. Since the party
anyone could just walk in.

Wort Wort Wort

40

HALO:RESOLUTION

Actually, I'm just here to ask you to assist the elites in getting back at the grunts.

Why don't you just fight them yourselves.

It's all right here in this pamphlet, "So, You Want To Be An Elite?"

41

For my task, I will only be requiring the green one.

So, what's the plan?

Well first, we sneak up on the grunt campsite...

Then we jump out and scream "OOGA BOOGA BOOGA."

42

So do you think the elites will try and strike back?

Hah, they don't have the...the uh...

What do elites have down there anyway?

43

HALO:RESOLUTION

Well, if you would just do it my way!

No! We need to be tactical and... **CRUNCH**!

Didn't see that coming...

44

Ok, thanks for your help, bye!

Let's never discuss this again.

45

So Chief, now what?

Chief?

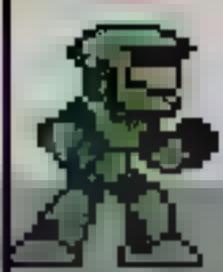

We have our duh...guys?
Hello?OMGLAGLAGLAG

HALO:RESOLUTION

What's going on?
We're being

47

Captain Keyes, we're
all being overcome
by lag.

I just said that
Chief.

48

Ok, this is going
nowhere.

49

HALO:RESOLUTION

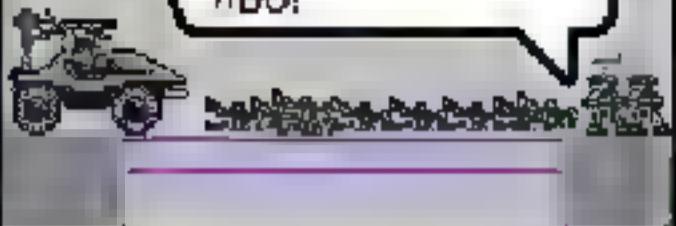

What's that up ahead?

Oh, you've got to be kidding me...

We're going for the record! Maybe we can get on HBO!

50

Do you realize how much lag you are causing?

Dude, you might want to move...
I mean, it's bad enough with all those Halo PC players out there, but...

I'm guessing he didn't move...

Yea...

51

SCREECH

What the... I stopped falling!

Chief! Are you okay?
Am I ok? Lag just saved my life!

Saved his life?
I think he hit the ground a little too hard.

52

HALO:RESOLUTION

THUD

OOF!

What the?

Who are you and where
did that char come from?

I am the architect.

*Budem
CHHH*

53

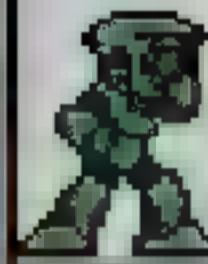

So you are .the creator
of this world?!

Oh, no way!

I just bu t the bridge.

SMACK

54

Wait a minute, if you
built the bridge...
then why are you
down here?

We it's kind of a
funny story you
see...

I was going to build
the supports, then
I remembered it's
a light bridge...heh...

SMACK

Chief! Grab the rope

Hmm, using my knowledge of
structural stability, I should be
able to use these materials to
construct a crude ladder.

SMACK

57

Thanks Cortana, but
where did you get
that ladder?

Hey! Come back
with that

Uh...Home Depot?

58

HALO:RESOLUTION

Cortana, Noob, this is
the arch techt. He built
the light bridge!

How do you build
a light bridge?

Heh...well...ya' see
I, uh... I just uh...

59

Chief, while you were
down there, the UNSC
issued a new regulation
vehicle.

They said they would
drop it in by air delivery...

Mommy...

60

Wow

61

HALO:RESOLUTION

I guess we don't
need this warthog
anymore...

BOOM

That was totally
unnecessary...

62

Chief, are you sure
you can see ok?

Yea, I can see
perfectly, why?

No reason...

BANG!

Man, I never realized
the range on these
guns

BANG!

64

HALO:RESOLUTION

Chief, it's Keyes again...

What does he want this time?

I don't know, but I hope he didn't glue his hand to his chin again.

65

Captain Keyes?

With my advanced nightmare armor, and cool blue LED, no one can stop me now!

That just looks like a piece of blue plastic...

How could this happen?
Where is the monitor?

I feel you aren't putting your weight in this relationship.

I can't work like this...

I know Chief. It's
about time I stopped
all of this.

Actually, I was going to tell
you the ship was double
parked, but that too...

79

HALO:RESOLUTION

Finally I can feel as if all has been finished.

Nothing forgotten. No rock left unturned....

Oh yeah....

80

So where have you guys been?

COME OUT WITH YOUR HANDS IN THE AIR

RELEASE THE FERRET AND NO ONE GETS HURT

Gulp *Gulp*

SMACK

81

So you stole...a ferret?

We, it was a magical glowing ferret.

Why do I even talk to you?

82

HALO:RESOLUTION

Come on, we left it by the warthog.

You guys have a warthog?

Yea, we found it after you left. It only had a few burn marks.

SMACK

83

That's not a ferret... it looks like a...

Ehuh, we know...

Yea, I found it looking for the ferret.

You do see the irony, don't you?

84

I'm not impressed...

It's missing three pixels.

85

HALO:RESOLUTION

And where have YOU been?

Working on my latest game...

I just don't look
good in a bikini.

86

So what should
we do with it?

HOLD IT RIGHT THERE!

Release that banshee

PWN3D!

At about 6 o'clock Earth Standard Time yesterday Louie Wu's house was invaded by a really big tank with a really big gun. The only injuries sustained were a dislocated chin (Louie Wu) and a popped crotch (Louie again). Due to these recent events HBO will be experiencing some downtime in Louie's absence. BOLL will be heading the department of insane flash games and Fuzzy will be on Pancake duty. [None Here 20:23:54 UTC] [permalink](#)

Ok, let's get ou...Oh my God...Is that what I think it is?

102

Cortana, you have to stop it. When he comes out, they'll freeze me.

Analyzing...

Sorry Chief, I can only push it back to Fall 2004 ..

103

HALO:RESOLUTION

So it's YOUR fault
Halo 2 got delayed ..

What?! It's not like I
never make mistakes...

Hey, I got it!

Lh, Chief...We need the
Silent Cartographer, not
Choreographer ..

He was a good mime.
Flew real far too...

104

Chief You have to see
my new 1200 dollar
paintball gun!

...

You know the army gives
us REAL guns FREE, right?

105

HALO:RESOLUTION

Ok Chief, we're the blue team and the enemy is the red team.

Knows'

But... You're red...

Key Paint

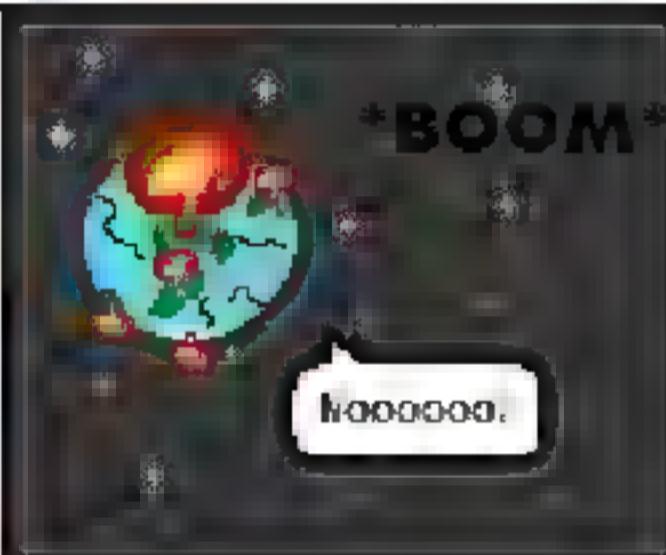

I find that remark highly offensive...

106

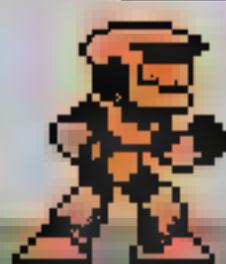

I have decided that this paintball idea wasn't at all as funny as I had originally expected it to be.

For the sake of my readers' sanities I have decided to just skip straight to the end...

107

Noob, what do you think of these designs for a new ship?

That's the ugliest ship I've ever seen

108

HALO:RESOLUTION

So the plans call for
the ship to be a
kilometer in length...

A KILOMETER.

I know, it's a
small one...

A little lesson in comedy
from our good friend
Mimester Chief

THUD

That's the engine.

That's the main
energy core.

And that?

That's where the
blue flag will go.

111

HALO:RESOLUTION

I'm sorry but we just
don't have the funding
to make your ship.

What if we make it
out of cardboard?

That's just crazy
enough to work...

112

I hate you.

I hate you all.

Is this thing
even air-tight?

113

Dear Readers,
due to lack of ideas,
the name of the comic
has been changed to
Halo: Irresolution..

Fuzzy

So, what do you
want to do?

I don't know, what
do you want to do?

114

HALO:RESOLUTION

I don't know, what do you want to do?

I want to become a magical princess and ride my pony into the sunset!

I mean... I don't know, what do you want to do?

115

We must be entering some sort of nebula. And I can see it's purple...

Everything looks fine on this side...

That's not good

116

It's times like this I wonder why I didn't upgrade my insurance to premium

117

HALO:RESOLUTION

We're screwed!

Never fear! I left a trail
of breadcrumbs for
the UNSC to follow!

We don't have bread...
Just standard nutritional
packets...

So what did I
leave behind?

I guess you used
those little packing
peanut things...

Sir! The ship is under
siege by a barrage of
small foam particles!

118

So Architect, what do
you make of this place?

It appears to be a large
purple room sir.

I see.

119

HALO:RESOLUTION

We must retaliate! Tell the men to suit up!

SUIT UP!

We have suits?

120

LOCKER BAY 1

We're approaching a fleet of covenant ships sir.

LOCKER BAY 1

We'll never be able to take them all at once..

LOCKER BAY 1

Where's an ancient mysterious ring-world when you need one?

121

Sir, the package has arrived.

Are the inflatable wraiths intact?

They were nowhere to be found sir. But they did send complementary hostages...

122

HALO:RESOLUTION

Are you the commander of this box?

This is important. Better not do anything stupid...

What did you think would happen if you slapped him?

123

We'll have to find the weak spot in the fleet.

But what if there isn't one?

We can't just ignore a direct foam particle attack. We'll give them all we have.

But what if it's a signal for help and they're out of fuel?

One more word out of either of you and you're on a suicide mission to find out.

But if they aren't hostile...it is not a suicide mission.

Just go!

124

HALO:RESOLUTION

Sarge, this is Cortana.
Do you read me?

We have been captured
and taken aboard a
covenant ship. Send
backup!

Did you tell him
to bring toilet
paper?!

Ok, Sarge says he
sent in backup.

Aight, you guys are
outa' here. We're out
of jail cells.

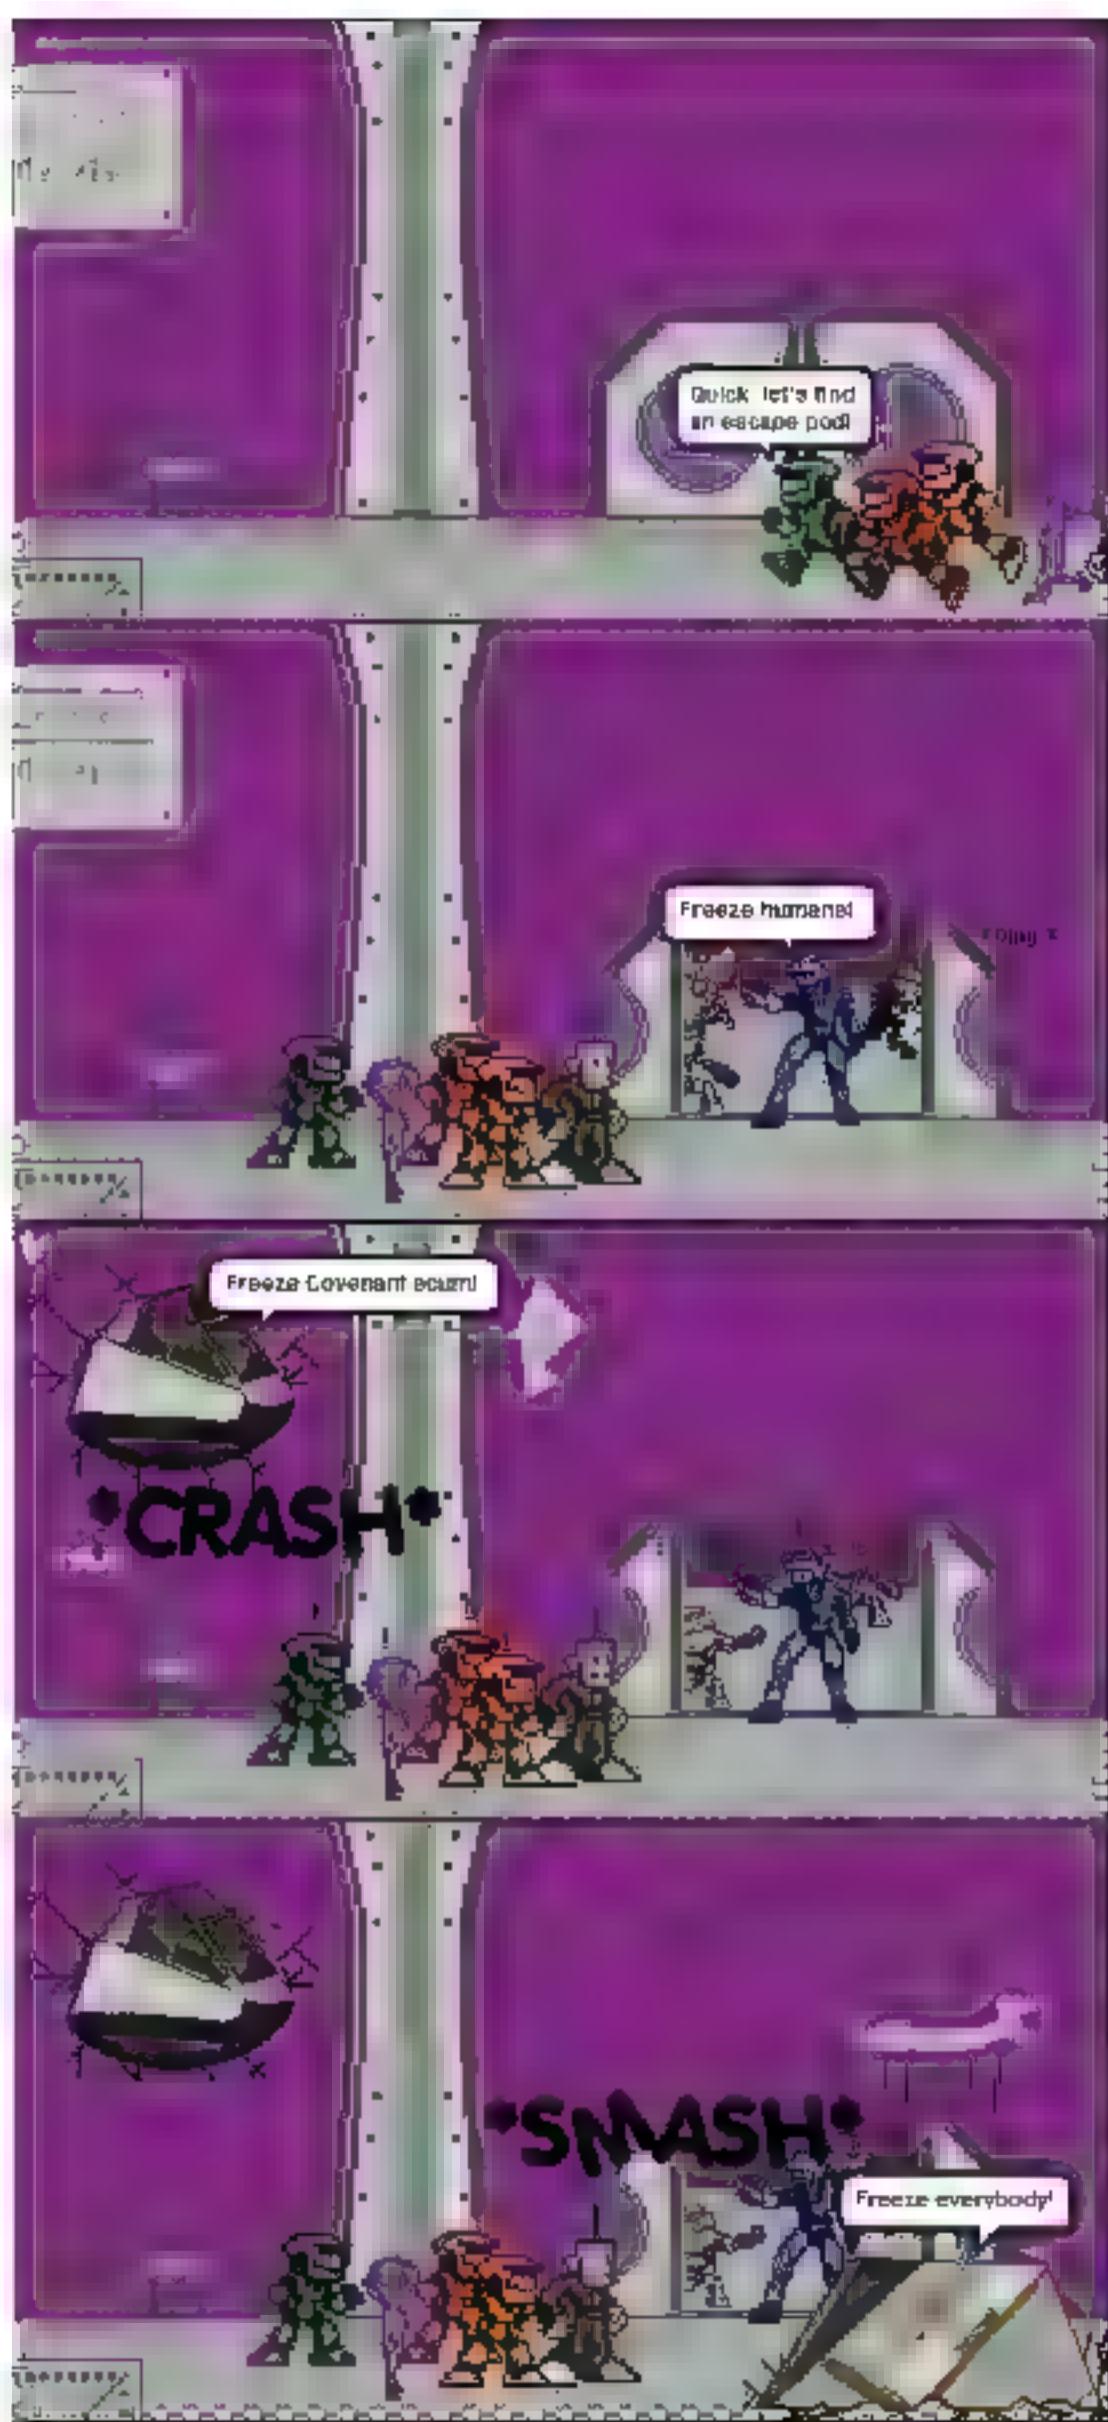

Oh shoot!

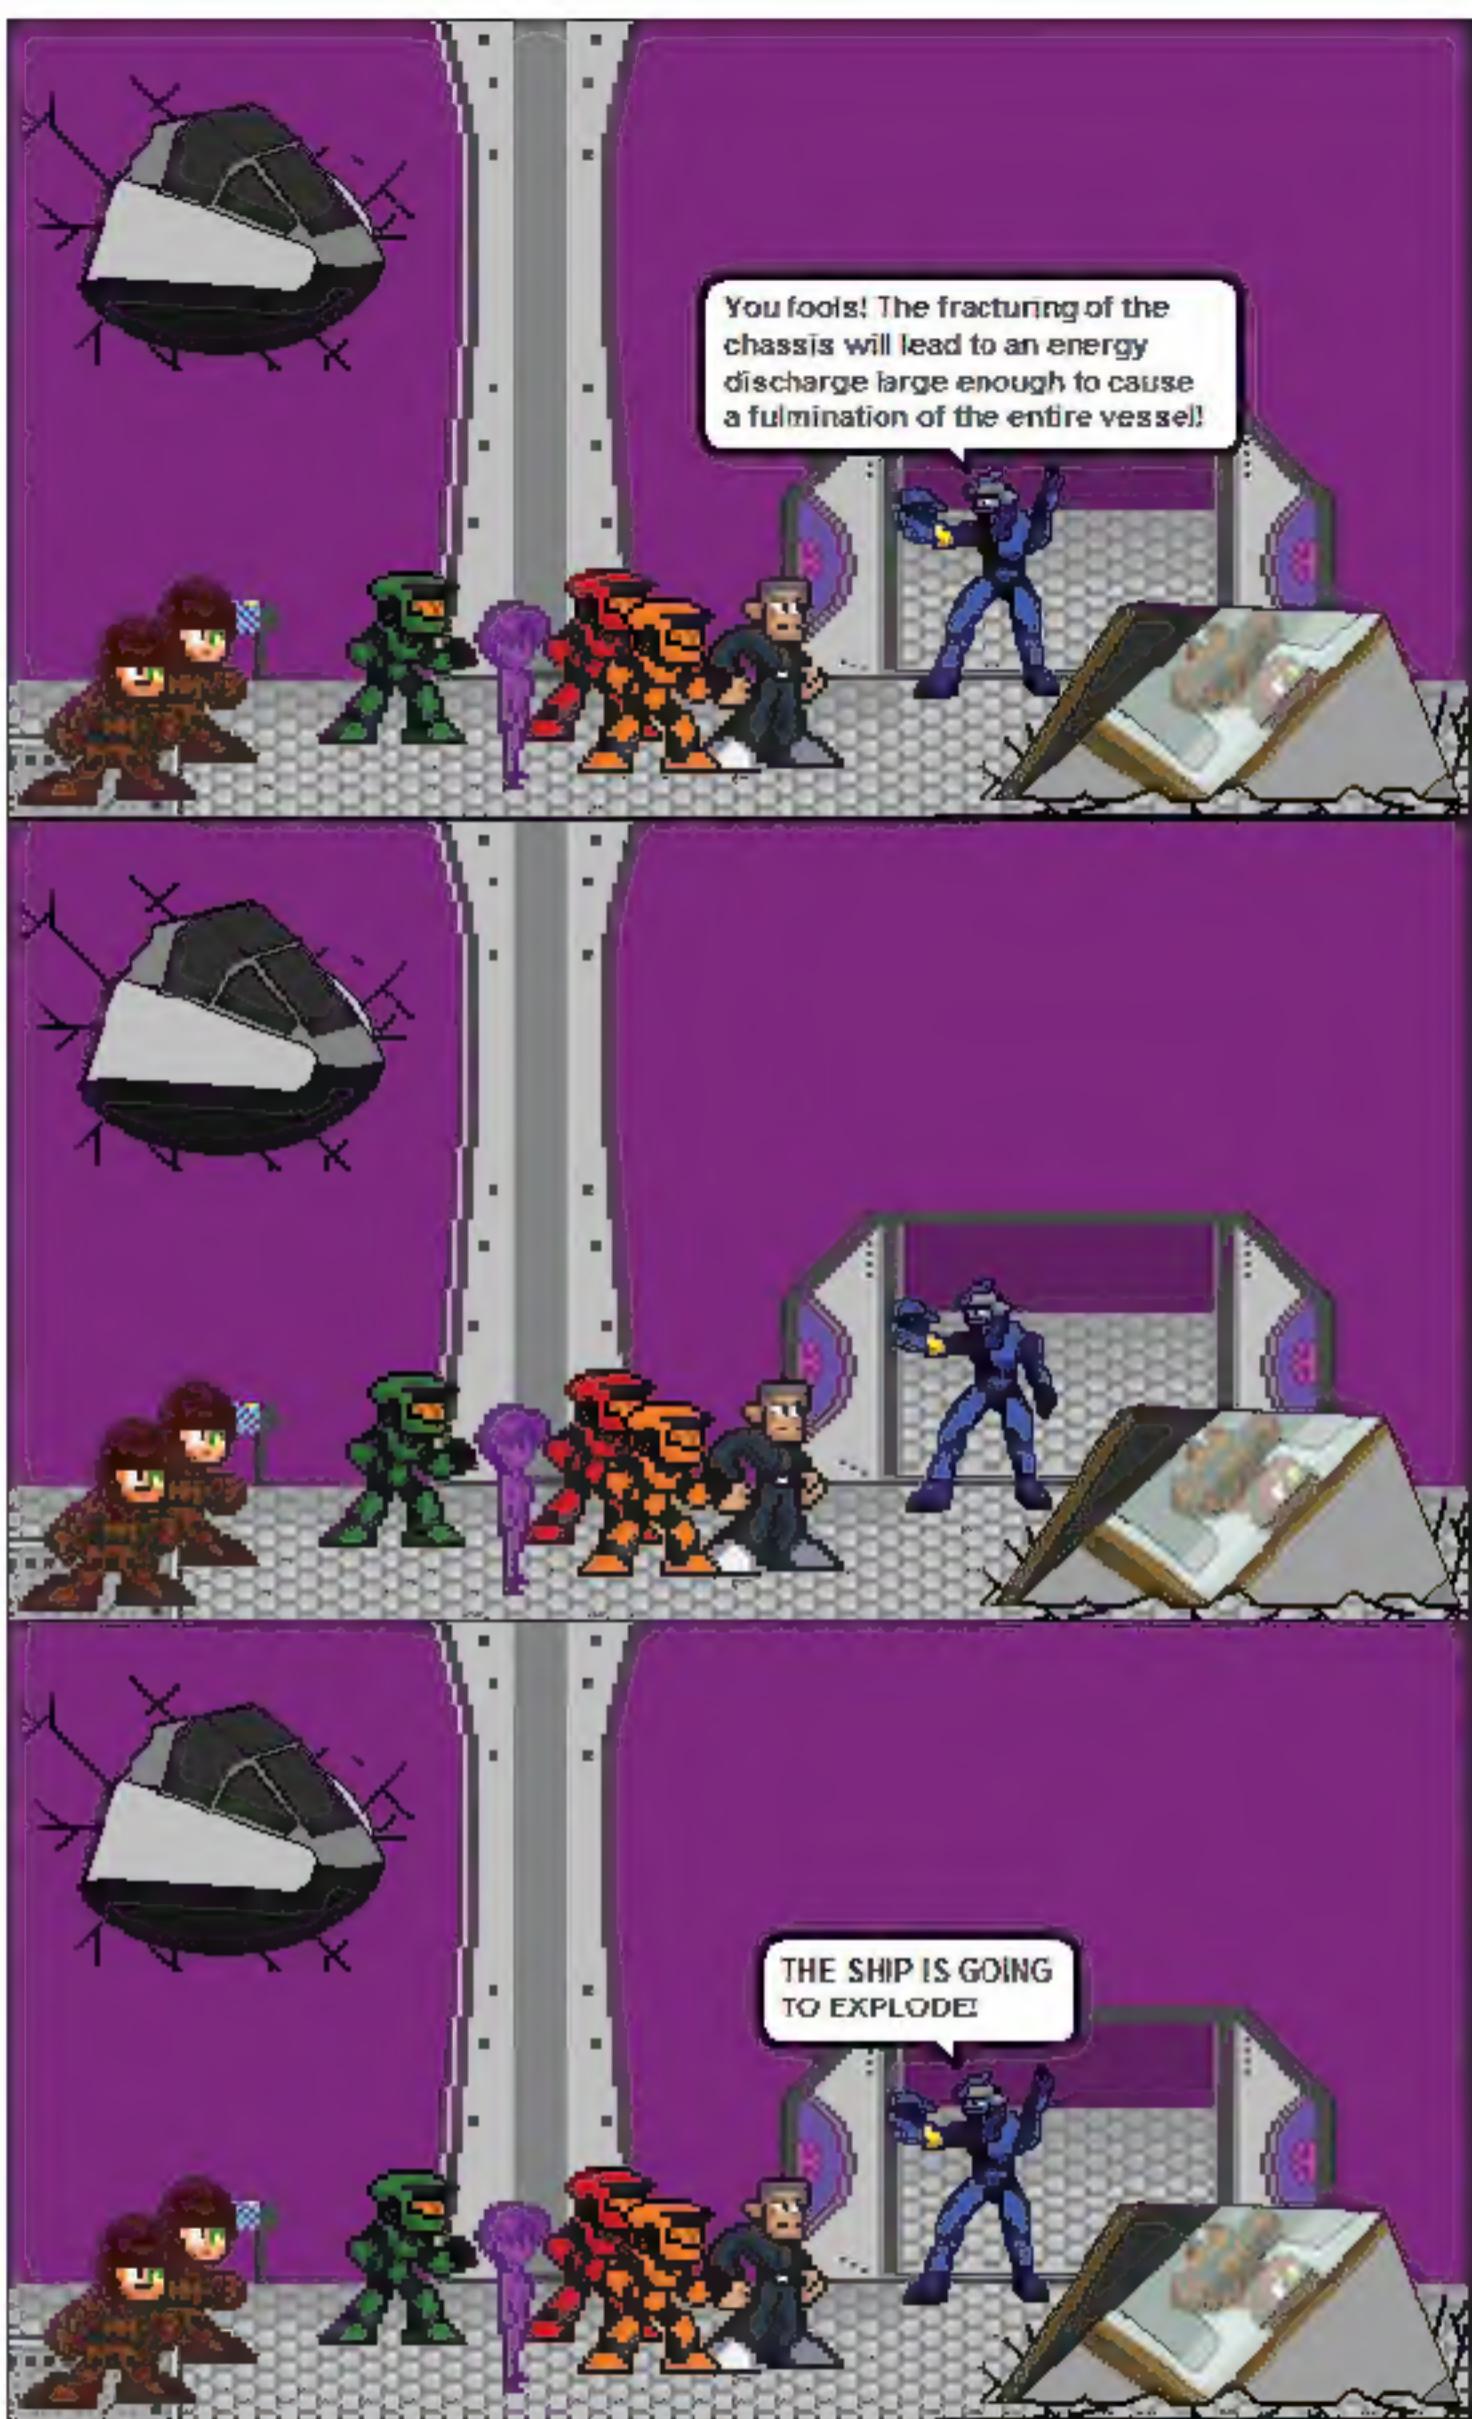

125

126

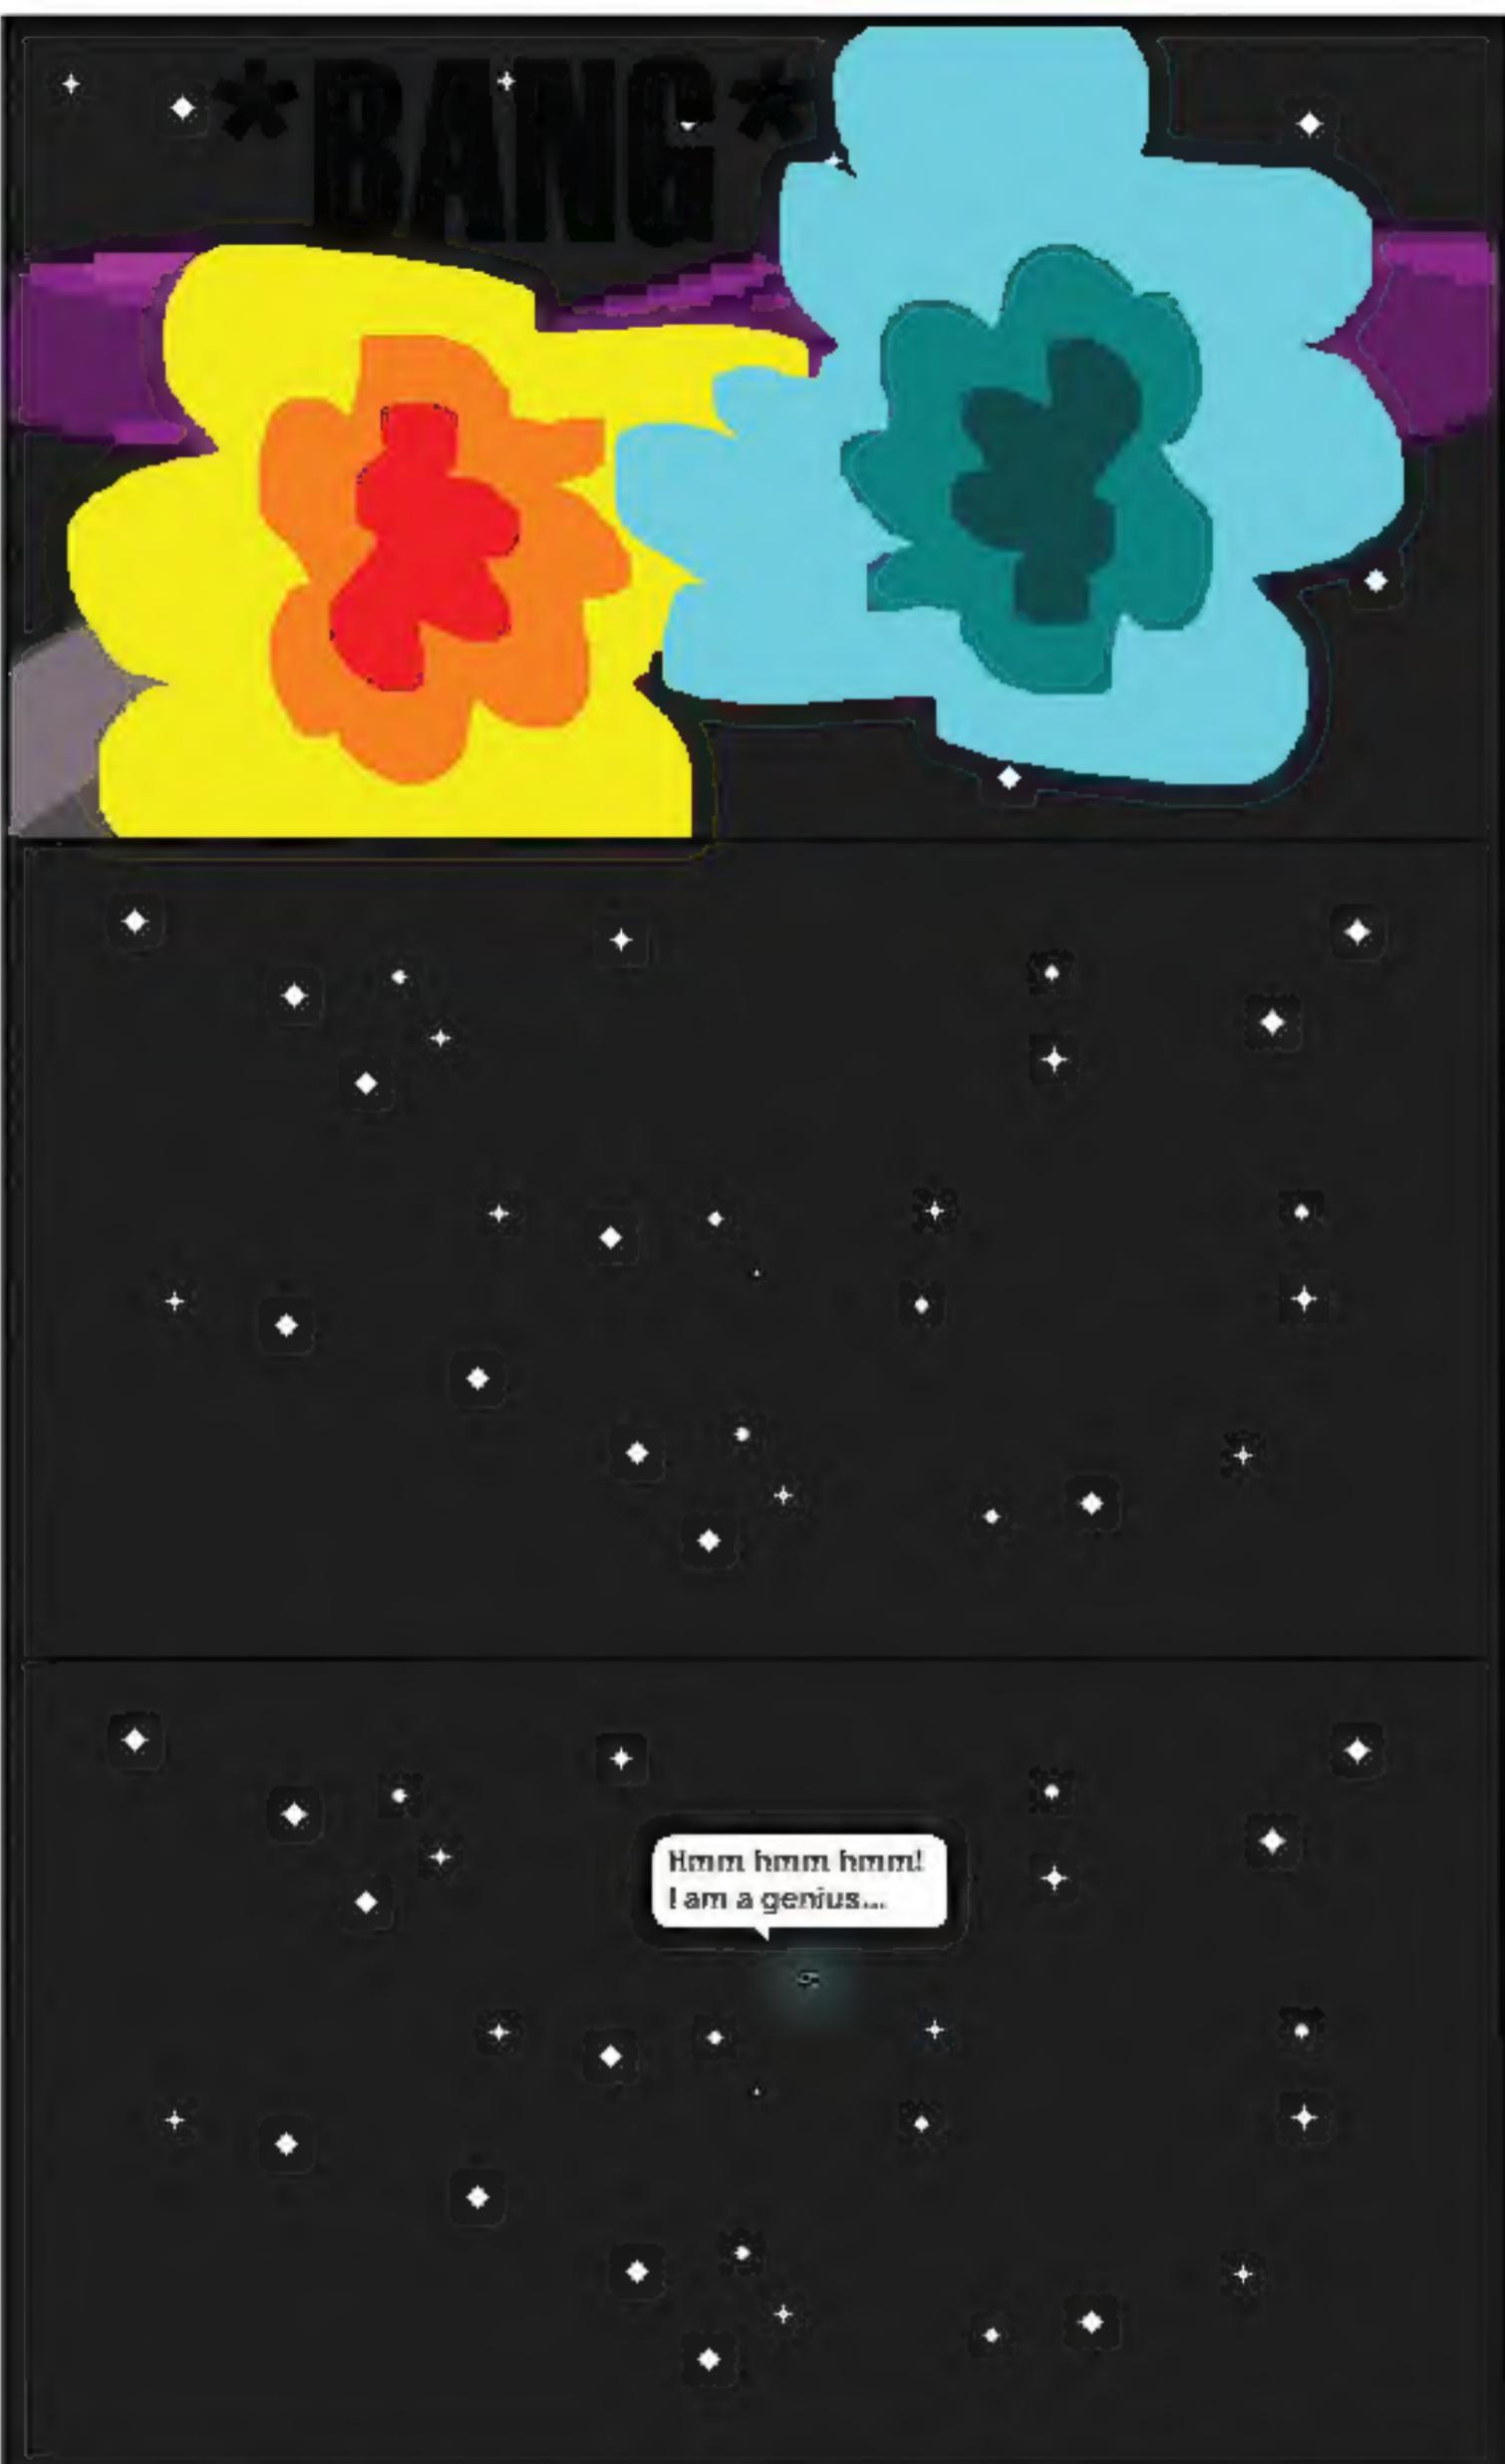

HALO:RESOLUTION

Fuzzy

Hi! I just wanted to thank everyone for following my comic. I figured it was about time to wrap it up, everything gets old eventually. I know many people didn't like it, but I also know there were many people who did. For those who did, I'm sorry it's finishing now, and for those who didn't I respect your opinion. Maybe you'll see a strip from me from time to time...maybe not. So to everyone who ever read a single episode of Halo: Resolution, thank you.

-Fuzzy

Hey, I'm DIMagic. If you didn't read the little notice on the comic page, you might not know that I did most of the spriting work for Resolution, and gave Fuzzy some ideas when he had writer's block. Now, since the comic is over, and there are still perfectly good sprites lying around, Fuzzy and I are going to decide what to do with them. E-mailing us asking to use them will lessen your chances of getting them. Until then, shalom. And that's the 'goodbye' shalom, not the 'hello' shalom or the 'peace' shalom.

-DIM

DIMagic

PS Thank you Louis Wu for providing us with a home (and some good advice).
